Foreword

Welcome to West Belfast District Policing and Community Safety Partnership's (DPCSP) Disability Action Plan for 2016-17 which sets out how we as a Policing and Community Safety Partnership intend to improve the quality of life for all people with disabilities who live in, work in or visit Belfast.

As the Chair of the West Belfast District Policing and Community Safety Partnership, and the Chief Executive of Belfast City Council, we would like to express our commitment to the objectives set out in the Plan. It is important for us to be conscious of the Disability Discrimination (NI) Order 2006 and supporting legislation when carrying out our functions. 1. Purpose of the Disability Action Plan

1.1 Section 49A of the Disability Discrimination Act 1995 (as amended by the Disability Discrimination (NI) Order 2006) requires West Belfast District Policing and Community Safety Partnership (DPCSP), in carrying out its functions, to:

1.3 The West Belfast District Policing and Community Safety Partnership is committed to the fulfilment of its disability duties in all parts of the functions of the Partnership and has set out how it intends to fulfil its disabilities duties in respect of our Disability Action Plan.

1.4 We will allocate all necessary resources (in terms of people, time and money) in order to implement effectively this Plan and where appropriate, build objectives and targets relating to the disability duties into annual Action Plans.

5. Effective Engagement and Consultation

- 5.1 The West Belfast DPCSP is committed to engage effectively with disabled people and related organisations representing disability in the drafting, implementation, monitoring and review of this Plan and recognise the need for such consultation to be timely, open and inclusive.
- 5.2 The West Belfast DPCSP will consult with the list of consultees identified as relevant to our Disability Action Plan (identified within the West Belfast DPCSP Equality Scheme) and responses will be recorded accordingly.
- 5.3 The West Belfast DPCSP will work with representative groups, individuals with disabilities and Section 75 groups on the best way to get their views. This may take the form of face to face meetings, advisory groups, surveys, consultative panels, internet discussions and other methodologies identified as best practice. All consultees will receive a copy of our response to their comments in an appropriate format.
- 5.4 As part of the consultative process, we will remove barriers by making sure documents are available in alternative formats, including large print, Braille, audio cassette, computer disk, easy read, and plain language.
- 5.5 We will place the Disability Action Plan on our website asking for feedback from individuals and organisations.
- 5.6 The consultation period allows adequate time for groups to consult amongst themselves as part of the process of forming a view. We may continue consultation after the policy implementation and will review the policy as part of our monitoring commitments. If a consultation exercise is to take place over a period when consultees are less able to respond, for example, over the summer or Christmas break, or if the policy under consideration is particularly complex, we will give consideration to the feasibility of allowing a longer period for the consultation.
- 5.7 In making any decision with respect to a policy adopted or proposed to be adopted, we will take into account any assessment and consultation carried out in relation to the policy.

5.8 The list of consultees can be obtained by contacting:

5.9 Our consultation list is not exhaustive and will be monitored and reviewed regularly to ensure it remains relevant to our functions and policies and that it is open and accountable to all representative and affected individuals and does not result in a closed shop list of consultees.

5.10 The anticipated outcomes of this consultation exercise are to:

- identify barriers faced by disabled people in public life and specifically any barriers they've encountered when dealing with us;
- identify examples where we have not promoted positive attitudes towards disabled people and identify future opportunities to promote positive attitudes;
- set priorities and identify solutions to take remedial action; and
- monitor and review how effective these measures have been.

6. Annual Report

- 6.1 The West Belfast DPCSP will prepare an annual report on the implementation of its Plan.
- 6.2 A copy of the annual report will be made available on the PCSP's webpage:

8. Action Measures

8.1 The West Belfast DPCSP has already taken a number of measures to promote positive attitudes towards people with disabilities and encourage their participation in public life as a result of the duties under Section 75. These are summarised below:-

- Provided Disability Equality training for employees, facilitated by Belfast City Council.
- Elected Members have received training on all aspects of equality legislation and Section 75 including the requirement of the Disability Discrimination Act.
- All meetings of the West Belfast DPCSP are held in venues with disability access and held at varying times of the day so as to facilitate attendance by all sections of the community.
- West Belfast DPCSP promotes the development of Neighbourhood Watch schemes across the city.
- All West Belfast DPCSP policies are screened to ensure they comply with Section 75 of The Northern Ireland Act, 1998. As those with a disability and those without a disability are a dimension within the 9 categories, all West Belfast DPCSP policies are scrutinised to ensure any adverse impact identified in relation to this group is removed. This practice will continue and where adverse impact, or potential adverse impact is identified, then appropriate corrective action will continue to be taken.
- It is a West Belfast DPCSP policy to provide employment equality to all existing and potential employees, irrespective of disability (Belfast City Council being the employing body). All employees and applicants for employment (actual or potential), are treated fairly and selection for employment and promotion will be on the basis of aptitude and ability. West Belfast DPCSP is fully supportive of the duty to make reasonable adjustments in relation to a disabled person at selection and whilst in employment.

The additional measures which the DPCSP intends to take in order to implement the disability duties:

- 8.2 Fostering respect for the rights and dignity of disabled people within the local area, ensuring information is accessible and ensuring the collection of robust statistics relating to disabled people and their experiences in the local community as regards policing and community safety,
- 8.3 We will seek input from our stakeholders and consult on our Disability Action Plan before we send it to the Equality Commission and thereafter when reviewing the Plan. We will monitor our progress on the delivery of our Action Measures annually and update the Plan as necessary to ensure that it remains effective and relevant to our functions and work,
- 8.4 West Belfast District Policing and Community Safety Partnership will inform the Equality Commission of any changes or amendments to our Plan and will also include this information in our Section 75 annual progress report to the Commission. Our Section 75 annual progress report will incorporate information on progress we have made in implementing our Action Measures.

9. Access to information

- 9.1 To ensure equality of opportunity in accessing information, we will provide information in alternative formats on request, where reasonably practicable. Where the exact request cannot be met we will ensure a reasonable alternative is provided. Alternative formats may include large print, Braille, audio cassette, computer disk, easy read and alternative languages to meet the needs of those for whom English is not their first language.
- 9.2 We will acknowledge requests for information in alternative formats in a timely manner, usually within 7 working days.
- 9.3 We will review training to ensure the inclusion of communications module on written accessibility. This will provide staff with the knowledge, skills and ability on how to provide information to the range of Section 75 groups.
- 9.4 West Belfast DPCSP will use a range of communication channels to enable wide access to information such as e-bulletins, websites, social media, advertisements etc.
- 9.5 The DPCSP Disability Action Plan annual progress report will be available on our website when it has been compiled.
