

# Fill in the Blanks

Name: \_\_\_\_\_

Read the story below and use the missing words at the side to fill in the blanks.

Some flowers we might see on the ground:

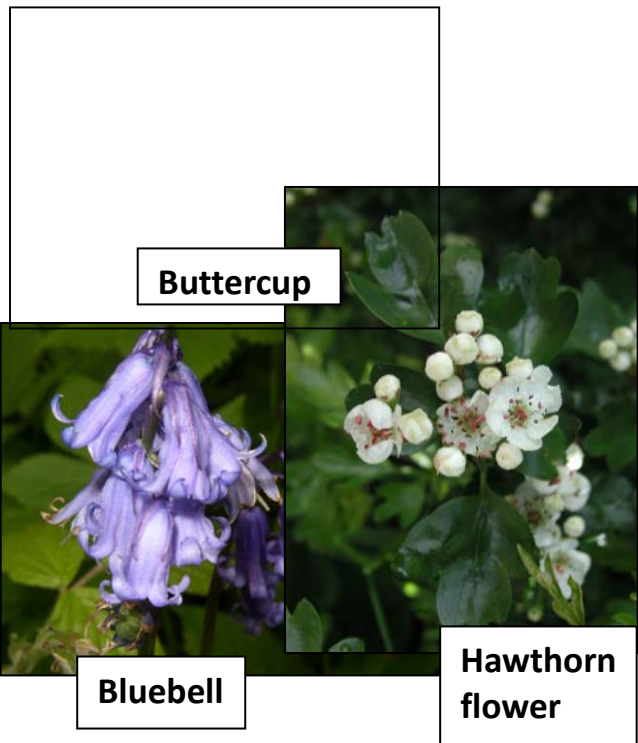

Some flowers we might see during late spring:

Lesser Celandine

Daisy

Buttercup

Bluebell

Hawthorn flower

Flowers have beautiful colourful \_\_\_\_\_ and smell really \_\_\_\_\_ .

They do this so they can attract many flying \_\_\_\_\_ ! The busy bees and

the butterflies find the best flowers where they can drink the

delicious \_\_\_\_\_ . As they do this, \_\_\_\_\_ from the flower sticks

to them and only falls off when they reach another flower. By doing this,

new flowers are made. This is called \_\_\_\_\_ .

**Missing Words:**  
 pollination  
 petals  
 lovely  
 nectar  
 pollen  
 insects
