

Twiggy Names

Get creative with a few twigs, bit of glue and some cardboard.

- Ensure each child has a piece of card, roughly 30cmX10cm.
- Have little twigs prepared, if possible from the trees that have been looked at during the session.
- Give each child a handful of twigs, giving them time to identify them with the use of the ID guide.
- Once this has been completed, ask the children to carefully write their name on the card in pencil.

A completed twiggy name card

- Using glue, they can attach the twigs over their name to create a name sign.
