

## Belfast Housing Land Availability Monitor Viewer July 2019

### Background

The primary purpose of the Housing Land Availability Monitor (referred to as the 'Housing Monitor') is to inform the formulation of the Council's new Local Development Plan. However, it will also help the Council identify where a shortfall in potential land supply might exist and can inform house-builders on the availability of land that may be suitable for housing.

The information collated will allow a clear view of the overall progress in meeting the housing objectives of the existing development plan and in identifying issues likely to require intervention.

The **Housing Land Availability Monitor Viewer** (referred to as the 'Housing Monitor Viewer') has been created to provide users with information on the location and details of sites that were monitored as part of the most recent Housing Monitor, the results of which are published in the annual [Belfast Housing Land Availability Summary Report](#).

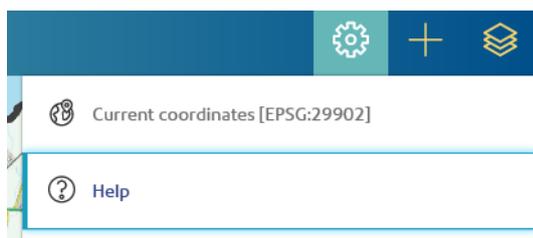

For more information on the Housing Land Availability Monitor, including methodology, please refer to the latest [Belfast Housing Land Availability Summary Report](#).

### Web Browser compatibility

The Housing Monitor Viewer should work with most web browsers including Chrome, Edge, Firefox, Safari and Opera. However there may be performance issues when using Internet Explorer.

### Help & Support

A 'Help' section on using the viewer can be found under the 'Option' tab

Note – Not all the functionality described in the Help section is available with the current version of the Housing Monitor Viewer.

Should you have any queries or wish to provide feedback on the Housing Monitor Viewer please contact the Planning Office at [LocalDevelopmentPlan@BelfastCity.gov.uk](mailto:LocalDevelopmentPlan@BelfastCity.gov.uk) and include 'Housing Monitor' in the subject line.

### **Disclaimer & Copyright**

Belfast City Council (BCC) does not accept any liability for any loss incurred or damage to any person or property caused as a result of any inaccuracy in the data shown in this map viewer. The data is supplied "as is" and BCC shall not be held liable for the data not being fit for your purpose.
